## ALPHABET A-Z

---

A =

B =

C =

- The group leader should make sure that it is permissible to collect in the area you go to. Then enjoy a good nature walk activity, collecting as you go.
- You may wish to collect items such as rocks, leaves or seeds. Look at trees too.
- (A) Collect one item for each letter of the alphabet, as an apple for A, a bug for B (use a bug box) , carnation for C, etc. (You may need to be creative and include some non-nature items.) (B) Leaders could consider a pre-planned Bible or Nature treasure hunt with written clues for the children to follow with a “treasure” at the end of the hunt.

# BIBLE NAMES

---

An A-Z scrapbook collection of interesting Bible Names  
- Characters or Cities, Tribes or Rivers. If you started  
with A for Adam can you think of someone (male or  
female) or somewhere for most letters of the alphabet?

Who's that in the picture? What did he do?

# LEGO FUN FACTS

- 
- LEGO's founder, **Ole Kirk Christiansen**, created the name "LEGO" from taking the first two letters of the Danish words **LEG GODT**, meaning "**play well**".
  - The famous LEGO brick that we play with today is more than **50 years old**. The bricks made way back in **1958** will still fit perfectly with those you play with today!
  - Laid end to end, the number of LEGO bricks sold in a year would reach more than **five times round the world**.

# MORE LEGO FUN FACTS

---

. **LEGO Minifigures** are the world's largest population, with over **4 billion** of them around the world

On average there are **80 LEGO bricks** for every person on earth.

Wow! Pretty amazing, huh?

# GETTING STARTED

---

## DECIDE WHAT YOU WANT TO COLLECT

- The best advice is to start collecting something that you are interested in.
- My first collection was coins and I swapped pennies from my pocket money with any interesting ones from my father's shop.

## START SMALL AND ADD TO YOUR COLLECTION

- “i started collecting in 1963, since then i have concentrated on british coins but at the same time my collection has grown with foreign coins as well. the best advice i can give is to collect to what you can afford, do not overstretch your budget and have a focal point for your collection such as coins from your own country that are readily available.” (forum quote)

## DISPLAY YOUR COLLECTION

I started collecting coins as a young boy.

My collection was of pre-decimal British Coins.

These are coins before 1971

# THE £1 NOTE IN MY COLLECTION

---

Each Bank Note has a different serial number – we are all unique too.

Each £1 note is worth the same whether it is brand new or old like this one. We are all worth the same to God.

You can tell it is genuine by the special marks – we are special too as Christian boys and girls.

# COLLECTIONS TELL A STORY

- The Parable of the Lost Coin (Luke 15:8-10)

# WHAT CAN WE LEARN FROM THE STORY?

---

What is Jesus' point in this story?

I recently lost some coins from my collection – I was so happy when I found them again.

“Rejoice with me I have found my lost coin.” Coins are important but so are you – **you are priceless to God!**

# COLLECTING IS FOR LIFE

---

- A friend of mine started learning about Marine Invertebrates at summer camp – his leader and the group went down to the beach to see what they could find on the sand and in the shallow rock pools.
- This led to a lifetime career of learning and teaching about nature.
- This could happen for you too.

# TIME TO GET STARTED

- Have you already got a collection?
- Ask your mum and dad what they collected as children?
- My dad collected stamps.
- Your collection will be unique – just like you.
