🖤 The first electric sewing machine was invented in 1989. True or False

🤎 The first important question you should ask yourself before you begin any project ís?

🧶 What is a backstitch? Why do you backstitch? (optional question)

Backstitch is when

You backstitch your garment _____

Fun tíme!

Sew a project of your choice using at least two different types of stitches; take a picture of it and paste here or you can draw and colour it here.
