

Adventurer Artist Award

Presenter:- Pam Catchpole
SEC Area Co-ordinator

Requirements

1. Explain who an artist is. Name creation's greatest master artist.
2. Name and know the primary colours: there are three.
If we mix them we get six colours; what are these colours called?
3. Demonstrate how to sharpen pencils and clean paint brushes.
4. Make a design using two of the following:- finger paints, coloured pencils, crayons or chinks, felt markers or pen, pencil or charcoal.
5. Learn an art technique and demonstrate two of the following:- Potato prints, stencils, papier-mâché, or clay or salt dough.
6. Make two of the following:- an invitation, a book mark, a poster, a greeting card.

Who or what is an artist?

Pam Catchpole SEC area co-ordinator

1. What does an artist do?

An artist is one who professes and practises creative art.

They could sing, play an instrument, draw, play act, do crafts, sew, build There are lots of ways to be an artist!

We are all artists in some way....

An artist can work with paint, clay, glass or sculpture
An artist can design buildings too!

What materials do you have to create a piece of art?

Who is creation's Master Artist
and what has He created?

Creation Genesis

3. How do you sharpen a pencil and wash a paint brush?

A pencil sharpener has a sharp blade that shaves off the wood around the lead as you turn it. Before pencil sharpeners were used people had to use a very sharp knife to sharpen a pencil. The very first pencil sharpener was patented by a French man named Bernard Lassimonne in 1828!

How should we wash a paintbrush?

Pam Catchpole SEC area co-ordinator

Keep me clean!

Thanks!

SAVE THE BRUSH

They'll thank you later...

- 1 Rinse all the paint out of my hair!
- 2 Put some soap in your hand and wash my hair until it's clean!
- 3 Rinse!
- 4 Style my 'do!
- 5 Place me upright in my cup!

THANKS!

5. Learn an art technique and demonstrate two of the following:- Potato prints, stencils, papier-mâché, or clay or salt dough

Potato printing

Papier-Mâché

Pam Catchpole SEC area co-ordinator

Papier-Mâché

What you'll need for this activity...

1. grab yourself a small bowl – plastic is best. ...
2. tear the newspaper into strips or break up the egg box.
3. make up a mix of **paper mache** paste – 1:1 flour and water.
4. dip the newspaper/egg box bits into the paste and layer over the bowl.

1. dip the newspaper into the paste and layer over the bowl.
2. you'll want a few layers – the more the better. ...
3. Smooth it down
4. leave to dry overnight

Once the papier-mâché is dry and crisp, it is ready to paint.

Think about your colour wheel and use those colours to decorate the bowl.

Once the paint is dry you can use PVA to varnish it

Salt Dough

To make salt dough, all you need is

- 2 cups of plain flour,
- 1 cup of table salt
- UP to a cup of water.
- You can also add good quality food colouring to dye your salt dough before drying!

When we say “cup” .. any cup works, so long as you keep the proportions the same.

To make your salt dough

1. Measure your ingredients
2. Put the salt and flour into a bowl
3. Stir together
4. Measure your water
5. Add the water to your flour and salt gradually mixing well. Once the mixture is combined turn out onto a floured surface
6. Knead the dough until smooth - you could add good quality food colouring to portions of the dough or leave it and paint once dry.
7. You could model with your dough or roll out like pastry and use cutters .

Baking your salt dough

1. Preheat the oven - ask an adult! 80°C (175°F)
2. Put your salt dough pieces on parchment paper on a baking tray
3. Ask your adult to put the tray into the oven for you
4. Bake for at least 12 hours! (overnight is good) your items must be baked until solid!
5. Get your adult to take them out of the oven, place on a cooling tray and wait
6. Once cooled they are ready to paint

Pam Catchpole SEC area co-ordinator

6. Make two of the following:- an invitation, a book mark, a greeting card, a poster.

To make a book mark you could use cardboard from a empty cereal box and decorate with paint, crayons or any other of the suggested materials.

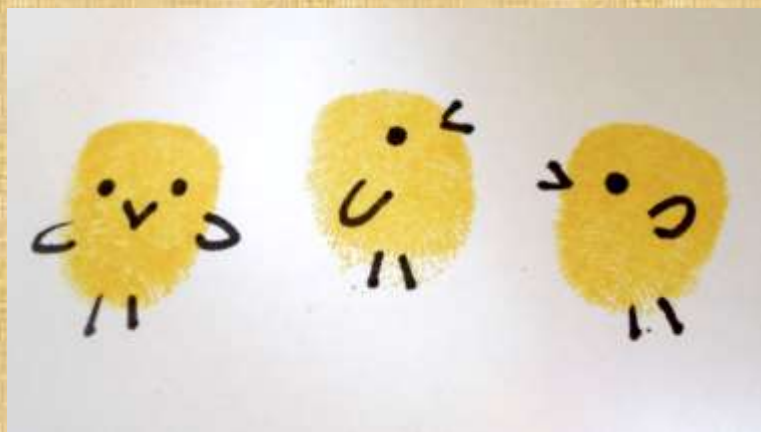

**To make an invitation card you could use card from an empty cereal box covered with plain paper and then use those methods in section 4 and 5 to create it.
Your invitation can be for any occasion. Who is it for? Where is the event? What time?
Who is inviting them?**

**Make a greeting card.
Use your finger paint to make pictures.
You could use plain paper and then stick this
on to card.**

So today you should have leaned about

- Primary and Secondary colours.
- How we make colours using three basic colours.
- What an artist is and what they do.
- Who the Master Artist is and what He created.
- How to look after your pencil and paint brushes.
- Some ways of using different materials to create works of art.

You will need to:-

- Create your own art and share this with others by making an invitation, book mark, poster or a greeting card.
- Learn an art technique and demonstrate two of the following:-
potato printing, stencilling, paper-mache, salt dough art or clay model.

This is a fun place to visit - you can create your own artwork as well as discover what various artists do.

You can even submit your artwork to the Tate kids gallery!
