What we use computers for

Draw a line to match the computer feature with what we use it for:

Database	Find information, pictures, videos, etc.
Calculations	Typing – Stories, Books, Letters, etc.
Documents	Calls, Emails, Video, etc.
Research	Storing lots of information
Communication	Games, videos, etc.
Fun	Solve hard problems quickly, Spreadsheets, etc.

Interview

Talk to someone who uses a computer for their job. They can use a computer at work or at home. Ask them the following questions and write their answers below:

What is your job?

What tasks do you do on the computer?

Name one good thing about using a computer at work.

Name one thing you find difficult when using a computer at work.

Typing Activity

**** Ask a parent or guardian to help set up this activity for you****

Visit one of the following websites and play a typing game. If possible, take a screenshot of your score at the end.

[Education.com](https://www.education.com/games/typing/) (will require sign up using an email address)

There is no pressure or timing during these games. Suitable for younger adventurers.

<https://www.education.com/games/typing/>

[Kidztype.com](https://www.kidztype.com)

A variety of typing games to choose from with obstacles to avoid. Suitable for older adventurers.
